## KNOWLEDGE IS POWER

*For me it means that no one can become as powerful as they want unless they have a great knowledge.*

## **BLACK LIVES MATTER**

*For me it means that no one should be judged based on their skin colour or where they come from. All lives in the world are very important.*

## LOVE IS LOVE

*For me it means that people should be able to love each other unconditionally. People should not hate each other because of sexuality, religion, skin colour or because of where they come from.*

## **FEMINISM IS FOR EVERYONE**

***For me it means that you do not have to be a woman to know woman's right. Everyone should be aware that women and men all have the exact same rights.***

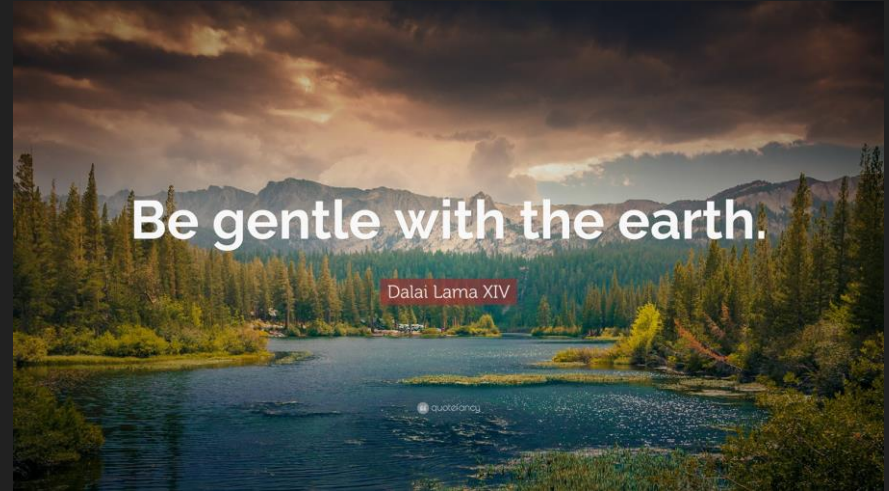

## ***NO HUMAN BEING IS ILLEGAL***

***Honestly I could not write something for this one because It is a little bit complicated for me to understand well. But from what I found I can maybe say that the term illegal we only use it for illegal immigration but we do not use it for illegal immigrants.***

## BE GENTLE WITH THE EARTH

For me it means that every single person in this world is responsible for taking care of our planet. People should be aware of global warming and should do everything they can do to stop it.

## **BE THE BEST VERSION OF YOURSELF**

***For me it means that every people should be kind to each other, they should respect each other, love each other... I think with these things people can be the best version of themselves and when people are the best version of themselves then the world can become a better, more peaceful, happier place for everyone.***

***BE REALLY KIND***
